

## DÉCORTECH EFFECTS RANGE

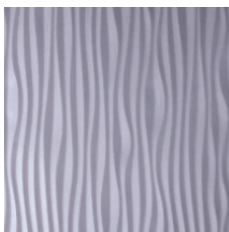

Décortech Effects Range comprises of a wide selection of three dimensional feature panels available in a range of attractive patterns.

Décortech Effects Panels transform spaces into eye catching and unique areas that use light and texture to bring your vision to life.

The variety of designs means Décortech Effects panels can suit any space and painted or powder-coated finishes can be provided to suit any project.

Décortech Effects panels are high quality panels that will provide that special touch allowing specifiers to mix and match designs and finishes to accent key areas of the room. From subtle, natural three dimensional effects to outstanding, eye-catching statements, Décortech Effects Panels can deliver the look you require.
